

Turret Series LED

How You Round Out the Ultimate
Line of Industrial LED Lighting

WHEN YOU WANT TO GO ROUND, CALL IN THE BIG GUNS.

Round fixtures have their advantages. You don't have to worry about orientation. So, you can expedite installation. But don't sacrifice performance or longevity for convenience. With the Turret Series, you get that ideal combination of all three.

American-Made Tough & Reliable

We understand that failure is not an option. Our fixtures are uniquely designed and built Military-Grade tough, so they stand up to almost anything without complaint.

Keep Your Cool with a Remote Driver

Tactik features remote drivers to prevent unwanted heat build-up, extending fixture life. They also allow lighting layouts to be easily adjusted to plant floor updates - without costly re-gridding.

5-7 Day Lead Time

Our innovative modular design and advanced manufacturing capabilities allow us to ship all orders, even customizations, in 5-7 days.

Turret Series LED

Round Made Right

ENHANCE COOLING AND ELIMINATE RE-GRIDDING HEADACHES

With leading competitive units, the LED driver is inside the light, which results in a lot of heat. However, the Turret Series features remotely mounted drivers.

This approach helps keep the operating temperatures inside the fixture lower. It also allows more effective cooling of the driver, safeguarding the integrity of the driver as well as the LED light itself.

Should changes in plant floor layout dictate the need to alter fixture placement, this can be accomplished quickly and easily without re-gridding hassles. Simply change out the power cord for one of suitable length to reach the new location of the light.

PRODUCT WATTAGE & DIMENSIONS

WATTS	DIMENSIONS
100 Watts	11.0" Diameter x 1.9" Height
150 Watts	15.8" Diameter x 2.2" Height
200 Watts	15.8" Diameter x 2.2" Height
250 Watts	18.1" Diameter x 3.5" Height
300 Watts	18.1" Diameter x 3.5" Height

Turret Series LED Specifications

SPECIFICATIONS

Power Factor.....>0.9
 Input Voltage 120/277V & 347/480V
 Performance..... Up to 144 lm/W
 Operational Temperature..... -40°F to 185°F (-40°C to 85°C)
 Distribution..... 120°
 Mount Type..... Suspension
 Available Wattages..... 100W, 150W, 200W, 250W, 300W
 Kelvin Temperature.....4000K, 5000K
 Color Rendering Index>70

FEATURES

- > Patent-pending remote driver minimizes fixture operating temperature and allows fixture to evolve with changing plant floor demands with no re-gridding required
- > Inventronics Drivers with less than 1% failure rate
- > Dimmable 0-10V
- > In-series transient voltage surge suppressor (TVSS) protects fixture against failure due to dirty power and power supply surges
- > Includes 10 Year Module Warranty
- > Available in high temperature (up to 185°F) or standard temperature (up to 140°F)
- > Optional motion sensor to maximize energy efficiency. Choose from standard by Wattstopper with L7 lens (fig 1.1 & fig 1.2*), or Internet of Things (IOT) by Enlighted Sensors (fig 1.3).
- > UL 1598 listed
- > IP65 rated

LUMINOUS OUTPUT

WATTS	LUMENS
100 Watts	13,940 lumens
150 Watts	22,180 lumens
200 Watts	32,730 lumens
250 Watts	39,910 lumens
300 Watts	49,550 lumens

**Veteran owned,
so you can be confident
we have your back**

Tactik Labs is your added assurance of reliability.

Our LED lighting is designed to a higher standard. So is our validation process. At our in-house lab testing facility, our products undergo rigorous testing to provide you every assurance possible that all Tactik LED lighting will perform and last as promised. While others may talk about performance and reliability in harsh environments, Tactik Labs documents it.

Protecting you is second nature to us.

We protect distributors and customers with a 10-year warranty standard for added peace of mind. Plus, service after the sale includes a proactive warranty process – replacement is shipped immediately if a problem is identified and defective product is returned in its original box.
