Wall Pack LED

TAC TIK
LIGHTING

TYPICAL APPLICATIONS

> Perfect for exterior or interior lighting, this wall pack will provide enough lighting without sacrificing efficiency.

DLC QPL LISTED PREMIUM   ETL Listed Intertek   IP65

DESCRIPTION

Designed with efficiency in mind, the Wall Pack LED has a unique funnel heat sink for better heat dissipation and longer fixture lifetime. The sloped design allows for rain and other elements to pass through the heat sink, keeping it clean. The separated LED driver and light source allows for easy installation. The Wall Pack LED is IP65 rated (suitable for wet and damp locations) and Dark Sky Compliant. Added features of this LED include the pre-installed photocell with shield, twist lock photo eye, and caulk.

FEATURES

> Unique funnel heat sink for better heat dissipation
> Factory-installed twist lock photo eye, photocell & photocell shield ship with product
> Installation caulk included with product
> Separate LED driver and light source
> Dark Sky compliant
> UL1598 Listed

Photocell Shield

Wall Pack LED

SPECIFICATIONS

Power Factor...>0.9
Input Voltage 120/277V
Performance.......................................Up to 107 lm/W
Calculated Lifetime ....>76,000 Hours
Operational Temperature..............-40°F to 122°F (-40°C to 50°C)
Color Rendering Index ....>80
Distribution... Type III, Short
Mount Type..Wall Mount
Available Wattages.....................................24W, 48W, 80W, 100W
Available Color Temperatures...5000K

DISTRIBUTION

The light distribution curve shows you how the light will react within a space. In the chart below, the horizontal center line of the graph is the ceiling, and the colored charted lines are how the light will react from the ceiling to the floor for a certain distribution.

■ 90˚ - 270˚ Distribution
■ 0˚ - 180˚ Distribution

LUMINOUS OUTPUT

Wattage	5000K
24W	2527 lm
48W	4575 lm
80W	8432 lm
100W	12831 lm

Power Cords

DESCRIPTION

You have selected your new LED light fixture, now pair it with the ideal cord! Have your new LED come with the cord hardwired in on one end. For the opposite end of the cord, select a straight blade plug, twist lock plug, or leave as a whip end. Finish customizing your cord with the voltage and length needed.

FEATURES

> Choose a whip, straight blade or twist lock cord

> Hardwired connection to the fixture

> Lengths- 6ft or 12 ft; contact us for a custom length

> Warranty details can be found at www.tactiklighting.com
